Docket No. 98N-1265

Food and Drug Administration '99 APR 20 P2:27

5600 Fishers Lane

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

The estrogen & progesterone that I receive from Midwestern Pharmacy, which has been prescribed by my doctor, have relieved my symptoms. Also it has prevented more bone loss. I am tested every 6 months by them so that the prescriptions can be renewed for me. It is not a "one size fits all" as some of my friends are on with bad side effects. The dosage is personalized.
